Dear Parents,

## Tapestry Online Learning Journey

During your child's time in Reception we will be collecting information about their progress and attainment in a variety of ways. This information is required so we can get to know each individual, plan their next steps in learning and record their development across the year. One of the ways in which we record children's achievements is via an online learning journey called Tapestry.

Tapestry allows us to create a log-in and password secured learning journey for each child. The benefit of this system is that you, and any relatives you wish to have access, are able to see what your child has been doing at school and you can add observations of what your child has been doing at home, so that together we can build up holistic portrait of what your child can do.

When we observe children's play we try to take photographs to illustrate their learning. These are then uploaded onto Tapestry, along with notes on what was happening and assessments, they will then be available for you to view online. Sometimes children other than your own may appear as part of a group photograph in your child's learning journey, and equally, your child may appear in a group photograph in another child's learning journey. This is because children tend to play together, indeed we need to evidence that they can play in a group, share ideas and take turns. However only your child will be named and referred to in your child's learning journey, and therefore if your child appears in a group photo in another child's learning journey they will never be named.

At the end of your child's Reception year you will be given the option of having your child's learning journey emailed to you or saved to disc. It will not be saved by either Tapestry or school unless we explicitly seek your permission to do so.

More information about Tapestry can be found at <https://eyfs.info/tapestry.html/> or pop in if you have any questions or would like a quick demonstration of how it works.

If you would like to have access to your child's Tapestry learning journey, please complete and return the attached form. If you wish for relatives to have access, please seek their permission before providing their email address.

Kind regards,

Mrs Jackson
