Nurturing

We provide a nurturing environment in which all learners can ask questions and feel supported to find answers.

Inspiring

We want our learners to feel inspired to take their learning out into the world and explore the opportunities life offers.

Achieving

With dedication, support and inspiration, our aim is for all learners to achieve and reach their potential.

Our Ethos Statement

Everyone is special

Everyone is unique and has their own unique talents and skills that they bring to Holy Trinity. Everyone deserves respect.

Jesus helps us make good choices

Using a set of Christian Values helps us as a community to share common principles and treat each other with dignity.

God helps us...

and we help each other

Our school is set up like a family. We are all different - and we might sometimes disagree - but we work hard to support each other.

Our Vision and Values

At Holy Trinity, we aim to provide the best education for each individual child centred around a strong Christian ethos.

As a school, we seek to provide a caring, happy and nurturing environment that teaches an inspiring and well-rounded curriculum that supports each child to reach their potential and grow to become a flourishing young person.

Our goal is to develop each learner's skills and enthusiasm as well as helping to supply them with firm moral foundation that will equip them far beyond their time with us.

One way we do this is to start each day with a Collective Worship session based on Christian values.

The values in assemblies rotate on a three-year basis, and we cover six values annually.

Inside are the six values we will focus on this year.
